**die tauplitz**  
 winter joy.

**respect your boundaries.**

We are glad to participate in this initiative, since it promotes respectful interaction between people, animals and nature. Especially the hatched areas of the panorama map provide refuge and shelter for wild animals! Please respect your boundaries. Our vast ski mountains offer you numerous other freeride lines.

 Our Pretty-Weather-Tip

**In pretty weather, you can enjoy the 360° panoramas from Lawinenstein summit, then ski down the mountain with the Totes Gebirge, Dachstein and Grimming right before your eyes.**

On this circuit, you get to experience the magical panoramas of the Tauplitz first-hand!

**Ski pass info & General Terms and Conditions**

**General info:** Ski passes are sold at our ticket offices (Tauplitz valley station, Lawinenstein, Mitterstein and the toll station in Bad Mitterndorf) or online. We only transport passengers with a valid ski pass. The ski pass is issued to individuals and is non-transferable. The holder of the ski pass must present it to our staff on demand, and personal identification may also be requested. Subsequent exchanges or extension of the validity period are not permitted. Resale of coupons or ski passes is likewise prohibited. In general, we are unable to replace lost ski passes.

**Misuse, penalty:** Any misuse of the ski pass (including transfer to third parties, providing inaccurate age information etc.) will result in confiscation of the ski pass, requirement to purchase a one-day ski pass, along with a fine equivalent to double the amount of a regular daily ski pass. We also reserve the right to file an official complaint for subreption of service (§ 149 of the Austrian Criminal Code) as well as fraud (§ 146).

**Daily end of business and piste grooming:** We are solely responsible for securing our own Tauplitz ski area. Our pistes are closed in the period from 5 PM until 8 AM. During this time, our piste maintenance equipment (also attached to winches) and snow cannons are in operation, while avalanche blasting may also take place. Consequently, use of the pistes and ski routes during these hours is hazardous to life and prohibited. Use of the pistes is in accordance with FIS rules and the code of conduct issued by the Austrian Advisory Board for Alpine Safety. Persons who enter areas outside of the marked and maintained ski areas neither enjoy nor may assert any legal rights whatsoever. In such an instance, any liability for accidents and damages of whatever nature is expressly excluded.

**Discounts:** Without exception, guests may only take advantage of discounts with a valid ID. (student or school ID, handicapped pass, residency certificate). The following people have a right to discounts with us: small children (born 2016 or later, ride free when accompanied by a parent), children (born 2016 and later), youths (born 2015, 2016 or 2017), students and 1/25 (born 1996 or later) and invalids with over a 70% disability. Discounts for groups of over 20 persons available upon request.

**Injuries and refunds:** Accidents with injuries have to be announced immediately. Only in the event of an accident involving the ski pass-holder and resulting in substantial injury is a refund possible, insofar as the ski pass is returned to one of our ticket outlets accompanied by a physician's attestation. Actual usage time is calculated based on the number of days between issue and the actual return of the ski pass. If the pass is returned by 10 a.m., that particular day will not be debited. No refund is available to family members of any injured parties. Premium departure, illness etc. does not constitute a right to any form of refund. There is a charge of 120,- for rescue-works.

**Low season:** If a portion of the ski pass' validity period falls within a low season, a mixed price will be calculated.

**Interruption of ski operations:** Heavy snowfall, natural events (such as avalanche danger, storms, bad weather, etc.), unforeseen technical defects, safety reasons as well as officially ordered closure entitle us to close facilities or pistes. Closures do not entitle guests to reductions in price or refunds for a purchased ski pass.

**Photographing of the card holder:** By accepting the ski pass, the customer agrees to automatic registration as well as person-specific photographic capturing, storage and processing of personal data in admission areas for control purposes and to avoid misuse of passes.

**KeyCard deposit:** We issue all ski passes on reusable keycards, for which we collected a € 2 deposit (not included in the lift price) which will be refunded to the holder of the ski pass upon the card's return in undamaged condition.

All prices given in this brochure are listed in Euro/Information and prices subject to change. Not liable for content, research, print errors or inaccuracies.
